Understand the difference Aflac makes in your financial security.

Aflac pays cash benefits directly to you, unless otherwise assigned. This means that you can have added financial resources to help with expenses incurred due to medical treatment, ongoing living expenses or any purpose you choose.

Aflac Cancer Protection Assurance stays with you for life*

We're with you, even when you're well. We pay a benefit for early detection and preventive care, like mammograms, PSA blood tests, and many other kinds of cancer screenings.

We'll see you all the way through treatment. If you're diagnosed with cancer, we offer benefits that you can count on. You'll receive a benefit upon initial diagnosis of a covered cancer and our support doesn't end there.

We give you the freedom to choose the best care for you. You and your doctor decide on a treatment plan together; we help provide you with financial support for every month that you're undergoing that treatment. Want a second opinion? We provide a benefit for that, too.

Understand the difference Aflac can make in your financial security.

For almost 60 years, Aflac has been dedicated to helping provide individuals and families peace of mind and financial security when they've needed it most. Our term life insurance policies are just another way to help make sure you're well protected under our wing.

How we can help

No one likes to think he or she needs life insurance. But when people depend on you, assuring their financial futures with life insurance benefits is simply the right thing to do.

- **Premiums are guaranteed for the selected term option** – You will know how much your coverage will cost from month to month and year to year.
- **Portable** – You can take the plan with you if you change jobs or retire.
- **Payroll deduction** – Your premiums can be deducted from your paycheck.

Why choose Term Life insurance?

- **Higher face amount** – Term life insurance offers the most face amount coverage for the lowest cost.
- **Lower premiums** – Depending on your age and smoking status, term life premiums may be lower than those for whole life insurance policies.
- **Flexible coverage** – Provides protection for a specified time period or term– 10, 20, or 30 years—and is designed for temporary circumstances. Term coverage often is purchased by those who need coverage for a specific time period, such as while they have young children, children in college, or are carrying a large debt load.
- **Policy renewal** – If, at the end of your 20-year or 30-year term, your policy has not lapsed and is still in force, you will have the option to renew your policy on an annual basis.

How it works

The above example is based on a scenario for 20-year term life insurance that includes the following benefit conditions: \$50,000 death benefit, \$50,000 accidental death benefit, and \$12,500 seatbelt benefit.

The policy and riders have limitations and exclusions that may affect benefits payable. For costs and complete details of the coverage, contact your Aflac insurance agent/producer. This brochure is for illustrative purposes only. Refer to the policy and riders for complete definitions, benefit details, limitations, and exclusions. The policy prevails if interpretation of this material varies.
